***Non-Response to Amendment***

The reply filed on 6/4/2007 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant's election of the adjustable pedestal of Figure 40 which utilizes two balls as pivots and one of disc slider components shown in figures 14A-14B, 15A-15B, 22-27 and 60-62 or Figure 31 in the amendment filed 2/22/2007 was further restricted to elect one slider mechanism to be used with Figure 40. However, in the response filed 6/4/2007, applicant elects figure 14A slider which does not show any slider arrangement. Only a) figures 22-27, b) 60-62, or c) figure 31 show slider arrangements. Again, **applicant is required to elect one slider arrangement with the elected embodiment of figure 40.**

Furthermore, applicant listing of all claims readable on the elected figure 40 is incorrect, as for example claim 380 recites three telescoping columns. Figure 40 only has two telescoping columns. It maybe helpful to the applicant as well as the examiner if applicant lists the reference numbers labeled in the figures to correspond to the claimed parts in the elected claims in a remarks section such that applicant and the examiner would be sure that those elected claims read on the elected specie. Applicant is advised to check and list exactly what claims read on the elected species of Figure 40 and one of the sliders discussed above.

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to

avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
